- * The Hollister, CA sales ledger indicates two dates. One date is ABOVE the vehicle representing the date the vehicle or a group of vehicles which arrived on site at the dealership (this date is being used in the above chart and is as close as one will get as far as assembly time of the vehicle itself thus taking into consideration the "travel time" from the assembly plant) from San Francisco or Richmond. The other date represents the date the vehicle was sold by the dealership and is being used in the chart BELOW.
- ** Start of 1930 models according to Tiffany Motors, Hollister, CA, began with the arrival of a Town Sedan, A2687219, on December 28, 1929.

- *** Demo car.
- **** Denotes that the vehicle was brought in from another dealership.
- On the Hollister, CA ledger, there may have been a case of mistaken identity of an engine. On September 11, 1929, the dealership brought in a Town Sedan. On the ledger it was recorded as A2440684. This engine number was not really stamped/used till October 8, 1929. So was it a mistake by the dealership recorder or was it an engine that was actually mistakenly stamped? If anything, it probably should have been A2240684 stamped on August 30, 1929. Or maybe even A2140684 stamped on August 15, 1929. That would of kept it in line with the rest of the engine numbers for this time period and that is how I recorded it. But who really knows?
- What is unknown is the length of time the vehicle sat at the assembly plant before it was picked up and delivered to the dealership.
- The Richmond, CA plant replaced the San Francisco, CA plant. It opened for production on August 1, 1931.

THANKS TO: 1. LYNN WHITE; 2. CLIFF TROTTER; 3. CHRIS SHELBY; 4. BILL CILKER (TOM MONIZ) (FROM TIFFANY MOTORS IN HOLLISTER, CALIFORNIA:OWNER ROBERT TIFFANY);

IF YOU HAVE ANY MODEL A FORD FACTORY OR DEALERSHIP BILL OF SALE DATA THAT COULD BE INCLUDED IN THIS STUDY, INCLUDING ANY "KEY" DATA, PLEASE FILL OUT THE QUESTIONNAIRE AT THE END OF THIS STUDY AND SEND IT TO steve@plucks329s.org or to Steve C. Plucker, 12650 Touchet North Road, Touchet, Washington 99360

*No individual production figures known; (2W) is Two-Window body; (3W) is Three-Window body; (S/W) is Slant Window body; RS is Rumble Seat; (S) is Standard; (D) is De Luxe; Of the designated number for "RS (kits (Std.) for above vehicles)" in 1929, included the Roadster, Standard Coupe, Special Coupe, Sport Coupe, Business Coupe and the Cabriolet received Rumble Seats . Of the total number of these vehicles, it is thought the rest were trunk models;

ABOUT THE ABOVE CHART

The above production figures were taken directly from the Ford Motor Company's "Assembly Record Types" yearly production sheets which were provided by the Benson Ford Research Center in Dearborn, Michigan and as recorded by the particular body type.

For 1929, the 60-A, B, and C also included the 170-A, according to George DeAngelis, Edward Francis and Leslie R. Henry's "The Ford Model A As Henry Built It" since it was also a Fordor Sedan with 2-windows as was the 60-A, B, and C as it fits no where else but there on the "Assembly Record Types". However, and to confuse the issue, Leslie R. Henry in his work "Henry's Fabulous Model A Ford" recorded that the 165-A and B; and the 170-A and B belonged together. So what is right? I went with the former data.
